Judge Smith Case Ends Pays \$62 Fines, Tickets

Smith Claims City Ready To Settle Courthouse Meter Problem

Case 7574 on the Criminal Docket has been closed without comment.

Monday morning this case of the City of Cameron vs Charles C. Smith, County Judge, was scheduled to appear in the courtroom as scheduled. Monday afternoon Bill Black, who was to act as judge for the case, entered the judgment on the docket that the defendant, Smith, had withdrawn his appeal, which was granted, and the case was remanded to the Corporation Court.

According to Mayor O. B. Horstmann Smith proceeded to pay his fine, levied on him in the Corporation Court in October, 1954, and also paid all of the valid 25 tickets in his name put on his windshield at various times during the year. Sum total of the defendants "bill" to the city, necessarily coming due and payable on his withdrawal of appeal, amounted to \$62.00.

City Attorney, Roy Baskin, who brought the misdemeanor to the attention of the Corporation Court originally, had no comments on the conclusion of this, the city's first case against citizens for not paying their parking meter tickets.

Mayor Horstmann stated that this had perhaps clarified the parking meter situation in the minds of the people and now there could be no uncertainty in their having to pay their tickets since enforcement of the meter regulations would be matter of course and cases filed whenever deemed necessary by the city attorney.

Ford Case Settled For \$2,750 Thursday

A settlement of the Ford vs Wohleb and Armstrong case was made Friday afternoon in the sum of \$2,750 according to the District Clerk's office.

During the three day trial before District Judge O. D. Graham several attempts were made to arrive at a satisfactory settlement with the representatives of the plaintiff and defendants finally arriving at an agreeable amount Thursday after the re-convening of the court had been set for this coming Tuesday.

Plaintiff, Mrs. J. H. Ford, claimed in her original petition that due to the negligence of Mrs. Roy Wohleb and the Armstrong Taxi Company she received injuries which totally incapacitated her.

Diseases Decrease In Milam County

The list of diseases in Milam County for the week ending January 8, had a definite decrease in number according to the County Health Unit report submitted by Dr. John Bryson.

On the report were listed three cases of strept throat, three cases of mumps, four cases of pertussis and one of gonorrhea.

Mr. and Mrs. Henry Woods of Milano were recent business visitors in Cameron.

Navy Recruiting Office Set Up In Court House At Cameron

Chief William E. Morgan announced that young men and women desiring to enlist, or obtain information about the U. S. Navy, no longer have to go to Waco or Austin to enlist but may enlist at the Navy recruiting station in the court house in Cameron.

There is no waiting for enlistment for young men between the ages of 17 and 31 years who have only one dependent. Young women must be between the ages of 18 and 25 years, be a high school graduate

In answer to the foregoing article Judge Smith replied by letter:

Herald Publishing Company
Cameron, Texas
Gentlemen:

This refers to the issue of the "Daily Midget" for Tuesday, January 11, 1955, and the article therein appearing under the headline, "Judge Smith Pays Parking Meter Fine".

This story is correct insofar as the principal facts recited are concerned, but I find it necessary to call to your attention that you did not print all of the story. This, I am sure, was not altogether your fault.

The City of Cameron had retained a special City Attorney, who approached my lawyer a few days ago with the proposal that the City of Cameron, through its officials, desired to effect a compromise and settlement of our controversy. They proposed to me that if I would pay the fine previously assessed against me in the Corporation Court, and 25 of the 50 or 60 other tickets outstanding in my name, the City Council would appoint a committee to meet with me and the Commissioners' Court and would make a sincere and honest effort to work out a policy with reference to the meters on the Courthouse square.

Since Mayor Horstmann had authorized the special City Attorney to take this action, I fail to understand why he could not have given you this information prior to your printing the story. I am not concerned with whether there is any uncertainty in the minds of other persons as to the enforcement of the meter regulations generally. My contention throughout this matter has been that the City was wrong in placing their meters on the Courthouse square under the cover of darkness and without having consulted with the County government. I still maintain that position.

Since your article makes it appear that I have made a total concession and a reversal of my stand, which is absolutely not so and certainly is not in keeping with my previous actions, I must insist that you make some additional clarification and explanation in the "Midget" and that if you intend to run the article of the 11th in the weekly that you attend its publication with the additional explanation presented herewith.

It was not without some soul searching that I permitted myself to be induced into taking the action indicated. My decision was impelled largely by my desire to settle with the City government, on a reasonable and fair basis, a controversy in which they are not without fault.

Since I accepted their peace treaty in good faith I hope they will keep their end of our bargain.

Knowing your sincere desire to be fair and impartial, I feel sure that you can see fit to accommodate my request.

Yours very truly,
Charles C. Smith, Jr.

January 17 Deadline For 1954 Tax Quarterly Installments

Monday, January 17, 1955 is an April 15, 1955.

important tax deadline for farmers and for taxpayers making quarterly installments on estimated tax for the year 1954", Mr. F. J. Schultz of the Cameron office of the Internal Revenue Service stated today.

A farmer on the calendar year basis must file a declaration of estimated tax on his 1954 income by January 17, 1955 if he has not done so before, and pay the tax shown to be due, or if no estimate is filed he may avoid penalties by filing his final return and paying his income tax by January 31, 1955. If he files his declaration and pays his estimated tax in full on or before January 17, 1955, he may then file his final return not later than

Schultz said that the new law made no change in the January payment due by taxpayers who have been making quarterly installment payments on declarations of estimated tax in 1954. The installment is due not later than January 17. It was explained that the due date for the filing of declarations of 1954 estimated tax by farmers and the final payment of 1954 quarterly installments is January 15, 1955; however, because January 15 falls on a Saturday when the Internal Revenue offices are closed and January 16 falls on a Sunday, such declarations and payments are timely if made on January 17, 1955.

New Commissioner of General Land Office To Attend Veterans Land Committee Meeting

Austin, Jan. 10. The veterans land committee and the legislative committee will be among the key state committees that have been called into Austin the week end of January 14 through 16 by State Commander E. L. "Stonewall" Jackson of Cisco to report to the Seventh Annual Mid-Winter Post Officers' conference.

Texas School's New School Milk Program Offered

Texas school children are getting more and cheaper milk this year. That is, they are if their school is taking part in the U. S. Department of Agriculture's national milk program for schools.

Up to Jan. 1, 1955, 1,519 Texas Schools are taking part in this program, according to the Texas State Department of Education, which handles the program at the state level.

Every nonprofit elementary and high school in the state is eligible for the milk program as long as they agree to operate their food and milk service on a nonprofit basis and serve fluid whole milk meeting state and local standards for butterfat content and sanitation.

The school milk program makes it possible to serve cheaper milk by reimbursing schools with federal funds for a part of the cost of additional milk served above the established base.

Texas received \$2,888,532 of federal funds to operate the program this school year, according to Raymond J. Totorop who handles the program in the southwest for the Agricultural Marketing Service.

Groups interested in the welfare of children are urged to support the new school milk program in their communities.

Dairy Convention Slated in Waco January 21

The American Dairy Association of Texas will hold its annual convention in Waco January 21, Sam E. von Rosenberg, State ADA Manager has announced.

More than 300 delegates and allied industry representatives are expected to attend the session which will have as its keynote the increased sales of Texas milk and dairy products.

"The expanding dairy industry is the second largest agricultural industry in Texas," von Rosenberg pointed out, "and is outranked only by cotton."

Kick-Off Dinner Held By Chairman Thursday Night

"See every soul and get every cent" was the motto of the Milam County March of Dimes brought out at the community chairmen's Kick-off dinner in the Milam County Coffee Shop Tuesday night.

Hinton Pruett, general chairman, set the motto unknowingly as he made his compelling talk to the convened county residents and co-workers.

Enthusiasm was the key-word at the well attended dinner, with every worker present ready to pitch in and do "95 per cent of the work" necessary to put the drive over the top to a sound financial basis.

The meeting, which acted as a

pep-rally urging each one present to do their best for the four programs of Infantile Paralysis Foundation.

Following the roll call of the people representing Maysfield, Ad Hall Ben Arnold, Rockdale, Branchville, Gause, Milano, Burlington, Davilla, Marlow, Yarrellton, Buckholts, Thorndale, and San Gariel, a barbecued chicken dinner was served.

Following the dinner Pruett gave the welcoming address, thanking each one present for participating so actively in "This important program".

He then introduced Bill Elmendorf, State Representatives for the Infantile Paralysis Foundation.

The four programs of the Foundation were outlined by Elmendorf, (1) Patient Care, giving the very finest of care and facilities to all afflicted with the disease; (2) Education, many phases were pointed out, education of the general public of the needs and aims, educating the doctors, therapists, nurses and everyone connected in any way with the program; (3) Research, the guiding light of hope to rid the country of the disease. Emphasis was heavy on the Salt Vaccine which was given many children last year with scientists able to tell if the test was successful by this April or May. Many other phases including gamma globulin, which is successful in warding off the disease for eight weeks were spoken of; (4) Polio prevention, everyone is affected by this program in that the Foundation is working toward a program, embracing everyone, that will eventually make Polio an obsolete word and disease.

Last year Elmendorf stated there were some 3,000 cases in Texas alone.

After his address Elmendorf turned the program back to Pruett who turned to the nucleus of the situation with the phrase that the Foundation, to do its work "has to have some money".

He reminded that it is easy to treat the matter lightly if those contacted have never been touched by the disease.

"We are here tonight", Pruett forcefully pointed out, "to set up the Milam County March of Dimes" and added that those present are the key people in their communities to see that the March is successful.

Last year the drive netted over \$7,000 making Milam County independent and proving the first year the county didn't have to call on the National Foundation for assistance.

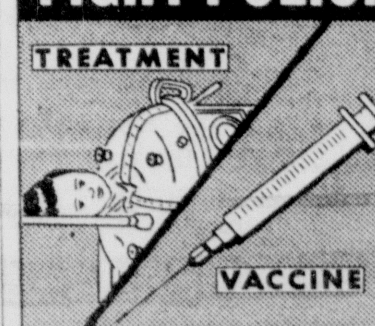

Although there was just as much polio in the county as in any year the county citizens paid their own way!

"The best way to make this drive a success," Pruett stated, "is to do it right now — move fast — be thorough — ask everybody."

He stated that the Cameron drive is getting well organized with the Farm Bureau and the Home Demonstration Clubs to wind up the campaign with a talent show and country store plus food booths in Simon-George Hall Wednesday, on February 2.

Milam County will have its Mothers Drive Friday, January 28, with all the mothers helping to make the drive the best in Milam history.

Chanting of Auctioneer Exciting To Crowd

The tantalizing chant of the auctioneer held buyers and spectators alike seemingly spell-bound and except for practically indiscernable bidding motions the packed area at the Cameron Cattle Auction focused their entire attention on the ring at the grand opening Thursday afternoon.

L. A. Hill, auctioneer, held true to the tradition of auctioneering by dividing the audience attention between himself, the stock being shown and the buyer for an afternoon of profit and entertainment

to buyer, seller and spectator alike.

On this, the opening auction at the newly re-opened barn located on the old Temple Highway, participation was particularly good according to O. A. White, Manager, with over 1,000 present to view the stock in the pens and attend the auction.

He stated that prices were strong, much better than average, and an exceptionally good choice of stock on hand for the sale.

Over 800 head of cattle, two sheep and two hogs were placed on the block at this initial sale

with farmers and stockmen coming from Cameron and this immediate area, Sealy, Milano, Rosebud, Lott Crawford, Taylor, Buckholts, Roger and Temple to sell their wares.

Many independent buyers and companies, including Hornel, Swift Armour, Neuhoff, Roegelien and Western Cattle, were on hand for the sale.

Many new features were noticed by the stockmen. The sale was conducted with little fuss, wait or bother; all tickets of sale and charges were sent immediately to the

office by a conveyer belt and the checks were ready for the sellers as soon as they reached the window.

Other innovations from old-time auction sales included the well arranged ring and seats for the spectators, with everyone able to find a choice spot to view the animals as they were led into the arena; air-conditioning kept the air fresh and comfortable and a snack-bar is situated at an accessible spot to the crowd.

A staff of 32 employees were on hand to handle the stock and ef-

ficiently serve the customers.

Up until 3:30 Thursday afternoon 212 customers had been sold their selections, which amounted to approximately four head per customer.

The new barn, owned by Lester and F. W. Lawhorn in Temple, will hold their auctions in Cameron every Thursday, with hog sales handled every day in the week.

A good deed gets about as much attention these days as a homely face.

January 31, 1955 Set As Last Day For Eligibility For Certain GI Benefits

Dr. George T. McMahan, manager of Waco Veterans Administration Center, today explained the effect that a Presidential proclamation ending eligibility for certain post-Korean veterans benefits, will have on the Korean GI Bill education and training program. The proclamation is January 31, 1955 as the last day of the Korean emergency for purposes of acquiring

eligibility for certain GI benefits, including Korean GI Bill training. Those who enter the armed forces after January 31, will not be entitled to education or training under the Korean GI Bill when they are discharged or released. Those who enter service before January 31 will build up entitlement for Korean GI training only up to and including January 31. Under pro-

sent law, they will not accumulate training entitlement for service after January 31.

Before any veteran can qualify for GI training after discharge, he must meet two other requirements of the law. He must have been separated from service under other than dishonorable conditions with at least 90 days of active duty, unless discharged sooner for a disability incurred in line of duty. Not all the 90 days need be before January 31; any part of it could come afterwards. Post-Korean veterans already out of service are not affected by the January 31 end of the emergency period, so far as starting Korean GI Bill training is concerned. Under the law, they still must start their courses within three years after discharge or release from active duty. This applies to all eligible veterans. But the date does have a bearing on the ending of the entire Korean GI training program. The law states that all training must be ended eight years after the termination of the emergency period, or eight years after a veteran leaves the service, whichever is earlier. The eight years from end of emergency date—the final date of the GI program—now has been set as January 31, 1963.

The President's proclamation also affects Public Law 894, a vocational rehabilitation training program for veterans disabled in service since the outbreak of Korean hostilities. Veterans disabled on or before January 31, 1955, may be eligible for training, provided they need it to overcome the handicap of the disability. But veterans disabled after January 31 will not be eligible for the vocational training benefit. As a result of the proclamation, the end of the vocational rehabilitation program for eligible post-Korean veterans will be January 31, 1964, or nine years after release from active service, whichever is earlier. No training may be provided beyond those dates except for certain hardship cases which, under the law, are granted an additional four years in which to train.

Legume Crops To Protect And Enrich Soil

Every cultivated acre of Gordon Baskin's farm, in the Elm Ridge Community, has had a legume cover on it. Approximately one-third of the land has a cover crop each year. Since this cropping system began, production has steadily increased.

The purpose of legume crops is to protect and enrich the soil. The fact that they are not used enough is evidenced by our soil losses and the lack of water-holding capacity of these soils. Cover crops not only add organic matter to the soil, but return the various fertilizing elements that have gone into the making of the crops. Organic matter added to the soil improves its texture and water holding capacity. Organic matter decaying in the soil sets free minerals which are available for succeeding crops. However, the most important function of organic matter is to keep up the nitrogen supply in the soil. In order for legumes to add nitrogen to the soil, the seed must be inoculated with nitrogen-fixing bacteria before planting. In addition, super phosphate should be applied to the soil to stimulate the growth of the legume.

Considering the many benefits of cover crops, Mr. Baskin believes that it is important that a portion of our land be in a cover crop each year.

P. J. Hendee Gives Program To Lions On Fertilizer

P. J. Hendee, agronomist with Phillips Petroleum Company brought a very interesting and informing program to members and guests of the Cameron Lions club at their regular weekly luncheon this week.

The theme of the program was fertilizer and its uses. Mr. Hendee

showed color film strips of plots of demonstrations that were taken in an area that compares to Milam County's rainfall, soils and climate. Each picture brought out the difference that a few dollars spent on fertilizer could make on the size and vigor of the plants and the records showed the increases in fields and extra profits.

One corn fertilization experiment showed an increase from 8 bushels per acre to 27 bushels per acre on the fertilized plots. Another demonstration showed seven dollars gained from four spent on fertilizer. These represent a few of the demonstrations shown. Consulting with farmers and agricultural workers throughout the county, it is learned that these results compare with the results obtained by the farmers who are using fertilizers.

Mr. Hendee pointed out that extensive fertilization in this area was relatively new but more people were using it each year. He pointed out that soil conservation is easier with fertilizer and that all conservation agencies were promoting fertilizer on conservation crops to the extent that this year the local county committees through the A. C. P. program are offering to pay about 50 per cent of the cost of all fertilizer needed on conservation crops.

Reddy Kilowatt QUIZ #2

COOKING ELECTRICALLY

is becoming more and more popular each year with Texas homemakers

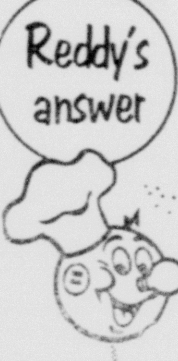

How much is the average cost of TP&L electricity for a family of four to cook on an electric range?

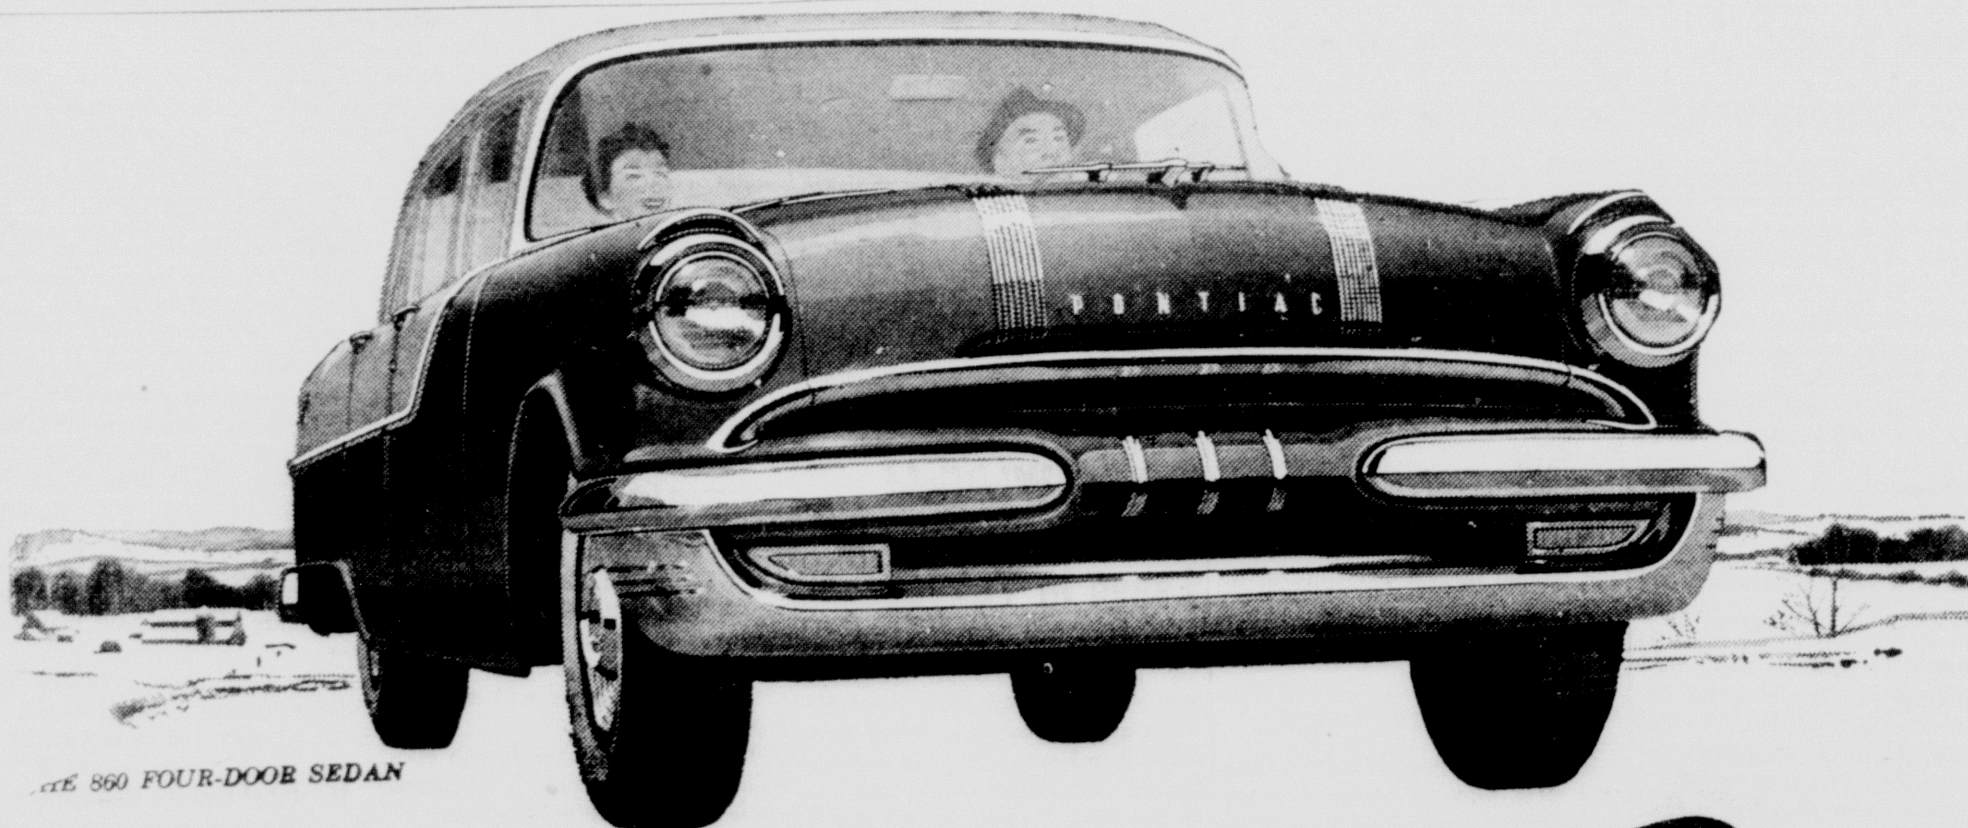

- ☐ one dollar and three cents
☐ two dollars and fifty-three cents
☐ ten dollars and sixty-four cents

See Reddy's answer elsewhere on this page.

TEXAS POWER & LIGHT COMPANY

The cleanliness, coolness, and convenience of electric cooking are within reach of every family today. A survey made in 1953 by analysis of electric range users bills over a 12-month period showed that the average cost for a family of 3 to 4 persons to cook electrically was \$2.53 per month. The analysis of electric bills revealed that the highest average cost of TP&L electricity for cooking (for even a large family) was \$5.13 per month, while the lowest was 53 cents.

Greatest Size, Luxury and Power Ever Priced So Low!

Wondering what new car to buy? Step to the window, watch traffic, and you'll see how others are settling this question. They are buying Pontiacs—at a faster rate than ever before in history!

Ask why and you'll hear many reasons, but the basic reason is this. The '55 Pontiac personifies everyone's dream of what a modern car should be.

There's Pontiac's unique combination of beautiful long, low lines, Vogue Two-Tone styling, and Twin-Streak distinction.

There's Pontiac's long wheelbase—the

secret of the wondrously safe, smooth ride that makes you and your passengers the happiest people on wheels.

There's Pontiac's roominess and luxury . . . living-room comfort and mode-of-tomorrow decor . . . along with picture-window vision all around.

And there's Pontiac's instant control and Strato-Streak V-8 performance—but these must be enjoyed to be believed.

Take a total of the foregoing and here's the result—more of everything than a like amount of money has ever bought before!

How much money? You can actually buy a Strato-Streak-powered Pontiac for just a few dollars more than the very lowest-priced cars! Come in and find out how little it costs to switch to modern motoring.

Outline Of Those Eligible For GI Loans

Persons now in the armed forces and those entering service on or before January 31, 1955 may be eligible for GI loans for homes, farms and businesses when they leave service if they meet all other eligibility requirements, Dr. George T. McMahan, manager of the Veterans Administration Center at Waco, said today. The other requirements are:

1. At least 90 days total service, unless discharged sooner for disability incurred in line of duty. Not all the 90 days need be before January 31, 1955; any part of it could come afterwards.

2. A discharge or separation from active service under conditions other than dishonorable.

Unremarried widows of men now in the armed forces who die in service on or before January 31, 1955 or as a result of a service connected disability incurred on or before January 31, 1955 may also qualify for GI loans.

Those entering service after January 31, 1955, the date established by Presidential proclamation as the end of the eligibility period for certain benefits for veterans of the Korean conflict, will not be eligible for GI loans when they leave service, Dr. McMahan emphasized.

The Presidential proclamation in effect also sets January 31, 1955 as the end of the GI guaranteed or insured loan program for eligible Korean conflict veterans.

The GI loan program is designed to encourage private lending institutions to make loans with minimum or no down payments and at reasonable interest rates because of the VA guarantee or insurance of part of the loan.

Three types of loans are permissible:

1. To purchase, construct or improve a home.

2. To buy a farm, farm land, stock, feed and seed, farm machinery, and other farm supplies and equipment.

3. To buy a business or otherwise to enable a veteran to undertake or expand a legitimate business venture.

To secure a GI loan, a veteran

usually makes his own arrangements through the usual lending channels, such as banks, savings or building and loan associations, mortgage loan companies, and the like.

A GI home loan may be guaranteed against loss up to 60 percent of the loan, with a maximum guarantee of \$7,500. On the other loans, VA guarantees the lender against loss up to 50 percent of the loan, with a maximum guarantee of \$4,000 on real estate and up to \$2,000 on non-real estate loans.

The interest rate on guaranteed or insured loans involving real estate cannot exceed four and one-half percent per year on the unpaid balance. The interest rate on insured non-real estate loans (used by some lenders for farm or business loan purposes) may not exceed a three percent discount or an equivalent not exceed those allowed by Veterans Administration.

B. S. Sines New V-P Of SP Lines

Houston, Tex., Jan. 6.—The election of Bernard S. Sines to the office of executive vice president of the Texas and New Orleans Railroad (Southern Pacific Lines in Texas and Louisiana) was announced by D. J. Russell, president, following a meeting of the board of directors.

Mr. Sines, who has served as vice president of the Texas and New Orleans Railroad Company with headquarters in Houston, since April 1, 1952, succeeds E. A. Craft, who died December 29.

Now fifty-three years of age, Mr. Sines will be one of the youngest top-ranking railroad executives in the Southwest. A native of Detroit, Mich., he is the son of the late Guerdon H. Sines, assistant to the executive vice president of the Union Pacific Railroad in Omaha, Neb. He majored in civil engineering at Cornell University, with plans for making railroad a career.

During his studies at Cornell, Mr. Sines began his railroad experience as a chairman in the engineering department of the Union Pacific Railroad. Following his gra-

duation in 1922 he obtained employment as an instrumentman in the engineering department of the Illinois Central in Chicago, and in 1925 joined Southern Pacific as an assistant engineer at El Paso. In 1937 he was made an executive assistant in San Francisco and from 1944 to 1948 was successively trainmaster at Sacramento, assistant superintendent at Tucson, superintendent at Ogden and executive representative at Guadalajara, Mexico. He was promoted to vice president of Southern Pacific Lines in Mexico in April of 1948 and in December of the same year was advanced to the office of president. He retained this latter position until December 21, 1951 when the 1,200-mile line was sold by Southern Pacific to the Mexican Government.

It was also announced that Mr. Sines has been elected to succeed Mr. Craft as president of four affiliated companies, the Rio Bravo Oil Company, Southern Pacific Building Company, Southern Pacific Terminal Company and the Texas Town Lot Company, all headquartered in Houston. He was elected president of Southern Pacific Transport Company and Southern Pacific Transport Company of Louisiana last year.

Mr. Sines has two sons, Guerdon S. Sines, a member of the Bureau of Transportation Research of Southern Pacific Company in San Francisco, and John B. Sines of Houston. Mr. and Mrs. Sines reside at 8862 Chatsworth in Houston.

Houston's Entertain A Family Reunion

Mr. and Mrs. Sines entertained all of her brothers and sisters at a family reunion New Years dinner January 3. She said that all of the family feels very much at home in their house since that is "the old home place" with all of the children born and reared near Cameron.

About 21 family members enjoyed the turkey dinner and trimmings which was served at noon.

During the afternoon a sing-song was held with all the family favorite songs sung.

This was the first time all of the family had been able to get together in many years.

Those attending were Mr. and Mrs. W. W. Culver of Houston, Mr. and Mrs. J. E. Love of Temple,

Mrs. A. B. Buffington of Temple, Mr. and Mrs. J. M. Terry of Cameron, Mr. and Mrs. W. M. Price of Cameron, and the Houston's daughter and her husband, Mr. and Mrs. Audis Lott of Cameron, their granddaughter Mrs. Gene Norton and her husband and baby of Killean and their nephew James Manor of Waco, and the host and hostess, Mr. and Mrs. Houston.

There is a very narrow margin between keeping your chin up and sticking your neck out.

Mrs. Ben Boedeker has returned from Fort Stockton where she

spent the Christmas holidays with her daughter and family, Mr. and Mrs. Dee Walker.

Baptist Workers Conference Held

The Monthly Workers' Conference of the Milam County Baptist Association held their meeting with Mount Zion Friday evening, January 7 starting at 5 p. m.

First on the agenda was the executive board meeting with a supper which followed at 6 p. m.

The theme for the program, which started at 7 p. m. was Evangelism. Following a song and praise service there was a roll call of churches, reports from Lottie Moon offerings and the organizers report.

Brother W. M. Fox of Milano Baptist Church gave "Our Evangelistic Inventory" with Brother M. M. Fulmer of First Church in Rockdale following with the address "Our Evangelistic Challenge, which was followed by an open discussion.

The sermon at 8:15 p. m. was given by Brother Jim Jordan of Thorndale and the meeting was ad-

journal.

ANNOUNCING

The arrival of Pamela Sue, born January 5, 1955, to Mr. and Mrs. Billy Heaton of Edinburg. The mother will be remembered as the former Eleanor Sue Muse formerly of Cameron.

Grandparents are Mr. and Mrs. Gene Muse and Mr. and Mrs. G. B. Heaton of Edinburg.

Mr. and Mrs. George Rankin attended the funeral of M. B. Neighbors in Caldwell Tuesday. Mr. Neighbors was a brother-in-law of Mr. Rankin. He died in a Mar-

lin Hospital Monday, January 3.

Just for fun, check up on the next bushel of wheat you buy. There are 556,000 seeds in a bushel.

Mr. and Mrs. Harry Baldridge and daughter visited their parents Henry Graves and Mr. and Mrs. Scott Baldridge in Rockdale. They were enroute from Kansas to their home in Houston.

1955 CHRYSLER NEW YORKER DELUXE 4-DOOR SEDAN

AN EXCITING NEW DIRECTION in motorcar styling begins with Chrysler for 1955 . . . longer, and inches lower than other big cars, in the most striking new car design of recent years! Noteworthy is the new sweepback Super-Scenic Windshield that "wraps around" both top and bottom for greater (and safer) vision. All Chryslers are now V-8's, with

engines up to 250 hp. The new Chrysler look of mobility and purposeful power is further translated into action by the most automatic transmission in any car . . . exclusive Chrysler Full-time Power Steering . . . and Power Brakes with a new, safer acting double-width brake pedal. By all odds, this is definitely the car to look at and drive first in 1955!

CHRYSLER'S 100-MILLION-DOLLAR LOOK!

. . . a forecast fashion for all cars to follow!

But Mrs. Homemaker—

What about prices that are not in the ads?

Checking food ads is a good way of learning about low prices. But the ads can't tell the whole story. At best they include only a small percentage of the items on your entire shopping list. So savings made on "specials" can easily be wiped out unless your other purchases are made at the right prices.

That's why the basic part of Safeway's pricing policy says that every item—we repeat—every item must be priced low. Consider what this means to you. It means savings right down the line—not just on our advertised specials, but on everything.

You'll find too, that Safeway is quick to pass on to customers the benefits of any reductions made possible by changes in market conditions. Watch for special markers on our shelves, calling attention to reductions.

Remember, it's easy to cancel savings from "specials" unless other prices are low, too. So start today to save at Safeway, where all prices are always low.

Grid Lettermen To Be Announced At Lions Banquet

The Cameron Lions Club will be hosts at a banquet honoring the Yoe High School 1954 football team sometime in the near future it was announced this week.

At this banquet Coach Leo Jackson reported that the football let-

termen and honorary captains will be revealed. It has been customary in the past to not release the names until at the banquet.

A speaker will be selected to address those attending the feast, by Coach Jackson.

Mr. and Mrs. Alvin Anderle and children of Slaton were recent guests in the home of his parents, Mr. and Mrs. Will Anderle of Cameron.

Cameron Adds Navasota To Football Schedule; 1955 Opponents Listed

The 1955 football schedule of the District 22-AA Cameron Yoemen was released this week. The Yoe High School team will play five non-conference games and five district games. One new opponent, Navasota will replace LaVega on the non-conference schedule.

The Yoemen will play five home games and five away to complete the regular 10 game schedule.

No picture of the 1955 squad could be made at this early date but the team of next fall will be out to retain their part of the championship and to gain the rest of it. For the past two years the Yoemen have tied for first place and this year represented the district in the bi-district tilt.

The Yoemen will open the season by playing University High School at Waco on Sept. 9. On Sept. 16 they will meet Lampasas here. Caldwell will host the Yoemen on Sept. 23. Navasota will be guests of Cameron on Sept. 30 and the final non-conference game is against Killeen on Oct. 7 at Killeen.

Oct. 14 is the open date for the Yoemen and on Oct. 21 they will entertain Taylor Ducks for the first District 22-AA game. Rockdale will come to Cameron on Oct. 28 and the final home game will be against Georgetown on Oct. 4. Belton will host the Yoemen on Nov. 11 while the final game of the regular season is at Rosebud against the Black Panthers on Nov. 18.

Red Dog Cinders Added To Yoe High Track

Red dog cinders now border the football field for the only straight way in this area Coach Leo Jackson stated.

Working on drainage, smoothing and leveling of the frame is now in progress at the track and to prepare the field for the widely known annual Cameron Invitational Relays which have been set on March 26.

Indications are strong that from 50 to 60 schools will enter the meet this year and top the attendance of approximately 600 athletes from 40 schools in 1954.

The red dog cinders, which are being added now, will be a direct asset to the track. Not only will it increase the tendency to dry

quicker but it will also be an advantage of the trackster who can increase his speed and be able to hold on to his firm grip.

Class AA All-State Team Named

End Don Smith of Phillips missed unanimous selection on the Class AA all-state football team by only two ballots, the Texas Sports Writers Assn. reported Friday. He got 108 votes out of a possible 110.

A teammate, halfback Don Meek got 101 votes Smith weighs 185 and Meek 155. Phillips was the only team to land more than one player on the all-state eleven.

Killeen, the other Class AA team in the finals, was represented by guard Bobby Turner, 182.

Other backs on the team are Don Meredith, Mount Vernon, 180; Hollis Gainey, Colorado City, 146; and Joe Holcomb Freer, 160.

The other linemen are Gary Fer-

guson, tackle, Ballinger, 210; Bob Harrison, center, Stamford, 210; Ray Beeson, Carthage, end, 188; A. A. Cres, Nederland, tackle, 192; and Roddy Holick, Terrell, 190.

The second team:

Ends—Larry Ward, Nederland, and J. B. Padgett, Colorado City. Tackles — Stan Vickers, Floydada, and Jimmy Payne, Waco University High.

Guards — Frank Tyler, LaVega, and Ernest Davis, Stamford.

Center—Pat Kern, Killeen. Backs—Calvin Lee, Comanche; Billy Baker, Beeville; Bobby Russell, Crane; Toney Wilmon, Waxahachie.

Players from the Central Texas area making honorable mention were ends Paul Peebles of Killeen, William Wilmon of Waxahachie, and Jimmy Gilmore of Ennis; tackles David Wilmon of Waxahachie and Ramon Armstrong of Ennis; center Joe Robles of Waxahachie and backs Al Kirchof of Killeen, Richard Hill of West, Fred Marberry of Mexia, Elton Couch of Hamilton, Warren Rudolph of Waxahachie and Albert Wichter of Lampasas.

Although Phillips placed two of their players on the first team, they failed to gain a berth on any of the honors given out. Killeen, the AA runner-up also had one man on the second team and two

on the honorable mention to be the only team with four of their players given recognition.

Yoemen Win First Tourney Game

Cameron won its first game in the Georgetown Consolation Tournament Friday night. In their game with Thrall the final score was 55 to 34 in the Yoemens favor.

Most of the scoring was done in the last half of the game.

High score man for the Yoemen was Joseph Michalka, forward, who caged a total of 19 points. Other points were made by Fred Petmecky, center, 14 points; Jimmy Rettig, guard, 10 points; Benny Massengale, forward, 4 points; John Duncum, guard, six points and Tom Collins, forward, 2 points.

March Of Dimes Bake Sale Planned By B&PW Club

As their share of the March of Dimes campaign the Business and Professional Women will sponsor a Bake Sale Saturday, January 15,

at a booth to be located in front of Capertons Variety store, or just inside the door if the weather is bad.

The sale, which will include a hoard of home-made cakes, pies, and cookies, will start at 10 a. m. with different members of the organizations manning the booth during the day.

All of the proceeds will be donated to the March of Dimes which is being held here during the month of January.

James Cryer, Jr. To Graduate From Houston School

James A. Cryer, Jr. of Cameron, will be among those graduating from the Commonwealth College of Sciences in Houston on Thursday, Jan. 6 at 8 o'clock.

The commencement exercises will be held at the Lindale Assembly of God Church, 504 Caplin, Houston.

Mr. Cryer is the son of Mr. and Mrs. J. A. Cryer, Sr. of Route 2, Cameron. His wife resides in Cameron also.

Ray Green Recovering From Burns In Fall

Ray Green is home from Newton's Hospital after a four day

stay for treatment of second degree burns suffered when he fell from a pick-up New Years day.

The accident occurred when Leonard Green, III and Ray were delivering a mattress and box springs. The wind was high and blew the box springs off the pick-up and carried Ray along with it. The burns occurred when he was dragged along the highway for some 10 or 15 feet.

He is reported to be sore still and unable to move too rapidly but feeling much better.

FARM RECORDS IMPORTANT

Farm records each year are becoming more important. Accurate records of production reflect the year's activity and should be the basis for expanding or curtailing farm practices and cropping systems. They are easy to keep and will prove invaluable when it's time to evaluate each farm enterprise.

MEATS STILL GOOD BUY

Meats for the third consecutive month will be good buys at the grocers in January. Turkeys, beef and pork headline the USDA's monthly plentiful foods list. Eggs, fresh and processed oranges, grape fruit and tangerines also are January "features."

it takes courage to fight polio

And it takes MONEY, too. The crippled child who is cut off from her playmates lives only half-a-life. The disabled wage-earner needs more than just plain guts to carry on. Only with expert treatment, good equipment and understanding care can the stricken overcome crushing handicaps. These are the things MONEY can buy.

Your MARCH OF DIMES contributions are saving lives. More than that, they are rebuilding lives that are saved.

4 MERCURY EXCLUSIVES FOR FINER V-8 PERFORMANCE

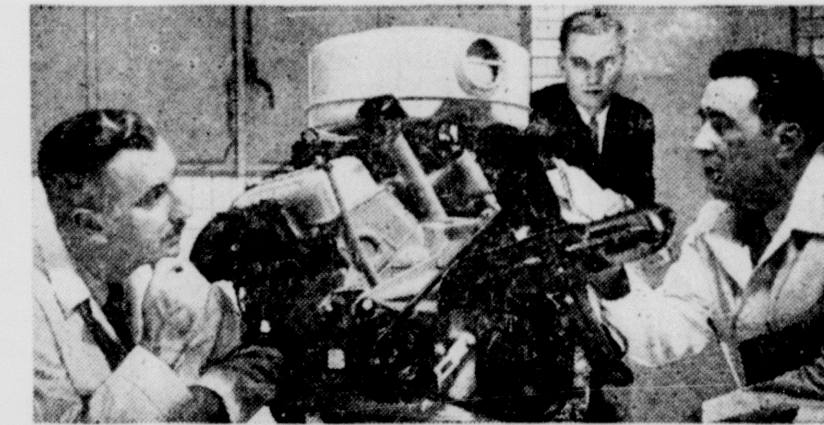

DUAL EXHAUST makes more of Mercury's power available to you for everyday driving. You have two separate exhaust systems for lower engine temperatures—resulting in greater efficiency and economy. Only Mercury Monterey and Montclair in their price class offer dual exhaust as standard equipment at no extra cost.

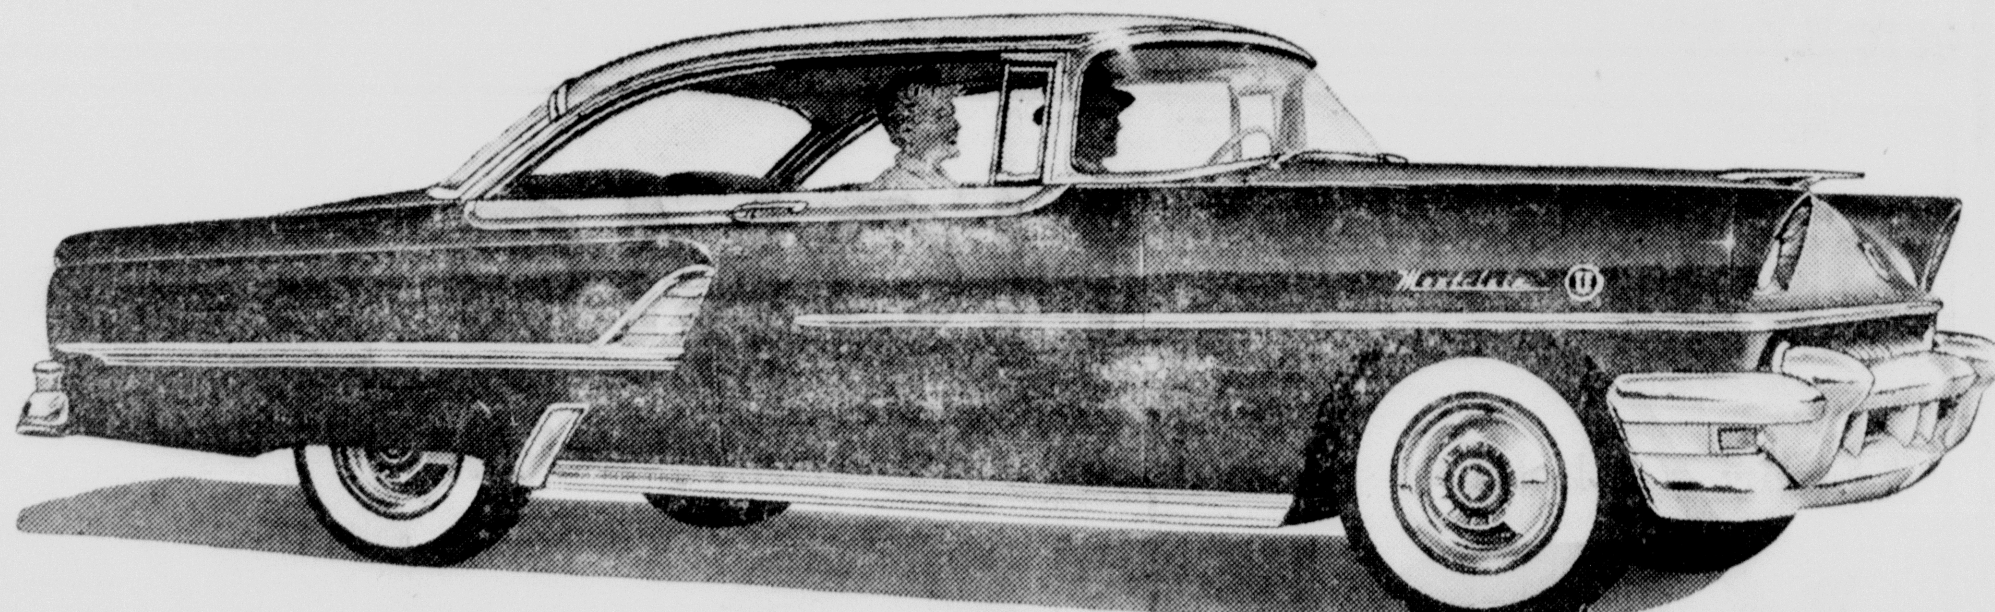

HIGH-COMPRESSION SPARK PLUGS—revolutionary new anti-fouling spark plugs designed for super high-compression engines—give peak performance at all speeds. No other spark plugs available as standard equipment can match this performance, and no other car in Mercury's field has them.

4-BARREL CARBURETOR gives you two-barrel economy for normal driving. But when an extra spurt of speed or hill-climbing power is needed, the extra 2 barrels cut in instantly, automatically. Only Mercury in its field offers a 4-barrel carburetor as standard equipment on every model.

LONGER EXPERIENCE. Only Mercury among all cars has an exclusively V-8 history. New 188- and 198-hp SUPER-TORQUE V-8 engines are the latest and greatest Mercury developments. And Mercury has put over 2,000,000 proven V-8 engines on the road—more V-8's than any other car in its price class.

NEW 1955 MERCURYS offer high horsepower (188 and 198)—new SUPER-TORQUE V-8 design—for super-pickup in every speed range.

**In National
Three Enlist
Guard Tuesday**

Battery C, 649th Anti-aircraft Artillery Battalion started the new year, 1955, by gaining three new enlistments in the unit, it reported today.

All three of the new Guardsmen are students in schools in the area. They were listed as Bobby B. Williams, Henry R. Brown and Ralph J. Kahlig. Kahlig is a resident of Burlington; Williams and Brown reside here in Cameron. They were sworn during the drill period Tuesday evening by Capt. James T. Terry, Battery C's commanding officer.

The unit also reported one recent loss in the organization when Pfc. Charles R. Walston enlisted in the Navy. All members of the National Guard may enlist and go on active duty with any of the Armed Forces at any time, it was explained, and several of Battery C's members have availed themselves of the opportunity. Pfc. Walston departed the latter part of December for boot camp training in California.

**Frank Zalkousky
Final Rites Set
Thursday, Jan. 7**

Funeral services for Frank Zalkousky, 71, were scheduled at 10 a. m. Friday, Jan. 7 at St. Monica's Catholic Church with Rev. George J. Duda, pastor, officiating. Burial was in Saint Monica's Cemetery.

Rosary was recited at the chapel of Marek-Burns funeral home at 7:30 p. m. Thursday.

Mr. Zalkousky died at his home approximately four miles southeast of Cameron at noon Wednesday, Jan. 5, following a heart attack.

He was born on Feb. 24, 1883 in Czechoslovakia and had lived here for the past 50 years.

Survivors includes his widow of Cameron, one brother, S. M. Zalkousky of Polo Verde, Calif., one sister, Mrs. Francis Bigelow of La Crescenta, Calif.

**Final Rites Held
For Sister Of
Local Resident**

Mrs. J. H. Butler, sister of Hugh Powell of Cameron, died at her Shreveport home Dec. 29, 1954, following an extended illness.

She was born and reared in the Ad Hall Community and was the daughter of the late G. M. and Martha Powell.

Funeral services were held at the Rose Neath funeral home in Shreveport. She was buried in a Shreveport cemetery.

Surviving her are her husband, J. H. Butler, two sons, J. H. Butler, Jr., of Pasadena, Calif., and R. E. Butler of Shreveport, La., and one brother, Hugh Powell of Cameron.

Mr. and Mrs. Powell, and son, Bobby Hugh, all of Cameron, attended the funeral.

Mr. and Mrs. W. A. Boedeker of Plainview spent the Christmas holidays with their son and family, Mr. and Mrs. J. D. Boedeker and with Mrs. Olenbush, who is the mother of the elder Mrs. Boedeker. While here they were dinner guests at the home of Mr. and Mrs. V. L. Angell.

**Next Meeting Of
Walkers Creek HD
Club Slated Jan. 12**

The Walkers Creek Home Demonstration Club held their Christmas party at the home of Mr. and Mrs. V. L. Angell.

The table was covered with a poinsettia table cloth with a centerpiece of large blue lighted candles, flanked with silver and red Christmas balls. Central decoration was the glittering Christmas tree in the living room where gifts were exchanged by the 45 people in attendance.

The menu consisted of turkey, dressing, cranberry sauce, green beans, corn pickles, olives, fruit salad, pie, cake, coffee and punch.

Recreation was directed by Mrs. Robert Glenn with Margaret Angell directing the music.

Out of town guests were Mr. and Mrs. Carroll Young and children, Pat and David Jack of Austin.

The club meets every second and fourth Wednesday of each month. Their next meeting will be at the home of Mrs. Bill Becker, January 12.

**Mrs. Matyastik
Entertains 42
Leisure Club**

Mrs. John Matyastik of Clarkson was hostess to the 42 Leisure Club party Thursday afternoon.

Mrs. Bessie Marak and Mrs. Henry McLane tied for high score with Mrs. Charles Payne winning the 84 prize.

Table cuts went to Mrs. Willie Mees, Mrs. W. W. Balhorn and Mrs. A. K. Gurecky.

The hostess served tuna salad, wafers, fruit cake and coffee to the three tables of members and one guest, Mrs. Bessie Marek, present.

Their next regular meeting will be Thursday, January 20, in the home of Mrs. August Kunz.

Mr. and Mrs. Delmer Dee Solomon of Cameron are the proud parents of a daughter born December 29. She has been named Evelyn Queen and weighed six pounds and eight ounces. Her grandparents are

Mr. and Mrs. M. W. Whittington of Cameron and Mr. and Mrs. L. H. Solomon of Burlington.

Edward Dogget of Bucholtz was a business visitor here this week.
